### **Sponsor Information Form**

As a condition of their sponsorship, some of our sponsors are requiring product information from the Sun Country membership. They use this information to identify market trends and determine if their sponsorship is providing a market advantage. In order to comply with sponsor agreements, we need for each team to enter the required information on the enclosed "Sponsor Information Form" and turn it in to Sun Country officials before the Contestants Meeting ends on Sunday evening. This information is very important to our sponsors so it is critical that we collect this information before the tournament begins. We are beginning to see the results of our intensive sponsor recruitment program and we have already submitted our 2012 proposals to the many of the sponsors for next year. Please help us keep this ball rolling by providing the required information as clearly and accurately as possible.
